- Claimed Composition: LENZING™ Lyocell (Standard) 100%

Any tests referred to have been carried out by Lenzing using internally agreed test methods, designed to assess whether any problems are likely to arise with the sample(s) of which you provided in either further processing or in garment care. They are not intended to replace the normal fabric manufacturer, product manufacturer or retailer testing, nor do they give any guarantee as to the performance/ material composition of these fabrics in a specific garment program. The Lenzing Certification does not constitute any specific seal of quality or seal of approval.
